Important Information

- ❖ A license is required for asbestos-related activities in accordance with 25 TAC §295.31-§295.73.
- ❖ Applicants completing EPA-accredited out-of-state training must submit a copy of initial and all refresher-training certificates and the 3-hour Texas law training course certificate.
- ❖ Applications will not be approved until all required documentation has been provided. **DO NOT PROVIDE ORIGINAL DOCUMENTATION. PLEASE PROVIDE COPIES ONLY.**
- ❖ Make sure you have completed all appropriate sections of this form. Sign and date the application and return it to the address shown at top of page 1.
- ❖ If your license, was never received or has been lost or stolen, you must submit an application for a duplicate asbestos license.
- ❖ Send a cashiers check or money order payable to the "Texas Department of Health - ZZ112-178." **DO NOT SEND CASH. LICENSE FEES ARE NON-REFUNDABLE.**

Fees:

- ❖ New Individual Consultant License: \$300.00
- ❖ Renewal fee: \$300.00
- ❖ A license that has expired for 90 days or less may renew the license with a fee of \$450.00
- ❖ A license that has expired for more than 90 days but less than one year may renew with a fee of \$600.00
- ❖ A license that has expired for one year or more may not renew the license. The person may obtain a new license by complying with the requirements and procedures, including the examination requirements, for obtaining an original license.

The following documentation is required, in accordance with §295.47 of the Texas Asbestos Health Protection Rules:

Requirements for a new license:

1. A fee of \$300.00.
2. A 1" x 1" photograph of the face.
3. A copy of applicants training certificate from a Department-approved training provider for the asbestos Project Designer, Inspector, Management Planner, and Air Monitoring Technician initial course.
4. A copy of the training identification card.
5. Proof of successfully passing the department examination for individual consultant.
6. A copy of physician's statement of the required physical examination done within the past year as described in §295.42(e)(2) of this title (relating to Registration: Asbestos Abatement Workers) and submitted on the department's "Physician's Written Statement" form only.
7. Verifiable evidence of current eligibility must be submitted with all applications for licensing as an asbestos abatement individual consultant, which includes any one of the following:
 - A. A current registration in the state of Texas as an architect or professional engineer;
 - B. A current highest full-qualification membership in a national professional organization devoted to technical proficiency in environmental or occupational health protection which includes:
 1. A published code of ethics;
 2. Administration by an active board of directors, and;
 3. Admission requirements that specify college courses and other training, a bachelor's or higher degree, at least three years of experience in specified fields, and a qualification examination (examples include the American Academy of Industrial Hygiene and the Board of Certified Safety Professionals), or
 - C. Possession of a bachelor's degree in architecture, engineering, physical or natural science from an accredited four-year college or university, and four years of experience in areas affecting environmental or occupational health matters.
8. Verifiable documentation of asbestos-related activity in conjunction with at least six asbestos abatement projects covering a period of at least a year within the past seven years. All asbestos work must be documented as having been performed under the applicable licensed or accredited rules or regulations. **Example format provided below.**

Requirements for license renewal:

1. The required renewal fee. (See fees above).
2. A 1" x 1" photograph of the face.
3. A copy of applicants current training certificate from a Department-approved training provider for the asbestos Project Designer, Inspector, Management Planner, and Air Monitoring Technician refresher courses.
4. A copy of the training identification card.
5. A copy of physician's statement of the required physical examination done within the past year as described in §295.42(e)(2) of this title (relating to Registration: Asbestos Abatement Workers) and submitted on the department's "Physician's Written Statement" form only.

Sample Format for Asbestos Related Experience

Project Dates Name and Location	Description of Project	Licensed Person and Phone Number
5/12/99 St. Anne's Church 893 E. Maple San Antonio, TX 78286	The design of asbestos abatement projects. Asbestos surveys and assessment of the condition of ACBM. Asbestos management planning, including response actions, instructions, and periodic surveillance recommendations for the control of. The collection of bulk material samples, airborne substance samples, and the planning of sampling strategies. Consultation regarding compliance with various regulations and standards, recommending abatement options, and preparations for asbestos abatement projects, specifically including technical specifications and contract documents.
